## GENERAL TRADING CREDIT RULES (BONUS)

## easyMarkets General Trading Credit Rules (Bonus)

The terms apply to traders that open a live trading account with easyMarkets. Age entry level: 18+.

The Trading Credit is provided by easyMarkets and it is for trading purposes only (non-withdrawable), unless it is stated otherwise in a writing, in a specific seasonal promotion. The Trading credit can be used as margin only after there are no other available funds in the clients account. In other words, any trading losses are always subtracted from a client's own funds first and then from the trading credit. If a withdrawal is made, the bonus will be debited from the trading account in full if available. If there have been no trades completed after 30 (thirty) days from the day that the trader receives the Bonus, easyMarkets will debit the Bonus amount.

easyMarkets retains the right to disqualify a trader, to close or cancel all open or closed positions and to treat the Trading Credit and any profits made since the trader's entry to a promotion, void, if there are reasonable grounds that the trader is acting in bad faith, contrary to the easyMarkets Client Agreement and policies, and/or the offer is being abused/manipulated in any way ("Unauthorised Activities").

"Unauthorized Activities" may include but are not limited to the following:

- Different accounts being traded by one trader simultaneously;
- Internal/external hedging;
- Churning;
- Abuse of our "guaranteed stop loss" feature;
- Use of fake identification;
- Trading patterns such as risking all the trading equity in large one directional trades;
- Use of excessive leverage;
- Same electronic identification point or same unique hardware identification number (Mac) with other users;
- Deposit and withdrawal patterns;
- Communication with account holders;
- The use of an IP address that does not correspond to the identification documents of that client.

If a trading credit is granted, then the maximum leverage allowed to be used is 1:200. If a trader exceeds the above set limit, easyMarkets reserves the right to reduce the trader's personal leverage and cancel any profits made in excess of the initial deposit amount.

Employees of easyMarkets and any related companies, their immediate family members, Affiliates/IBs (via their easyMarkets personal accounts), multi account managers and any third party related to this promotion are not eligible to participate. easyMarkets retains the right to refuse or terminate, a trading account, at any time.

Each promotion is subject to its own terms. In case of discrepancy between these terms and the terms of a specific seasonal promotion, the latter shall prevail. No amendment or modification of any provision of those terms shall be valid unless set forth in writing. easyMarkets may withdraw or amend these terms and/or any trading credits offered from time to time, at its discretion. If you make any transaction on or after the amended terms have come into effect, you will be deemed to have accepted the amended terms. The General Trading Credit Rules shall be read in combination with our Client Agreement and the policies of easyMarkets that you can find on [www.easymarkets.com](http://www.easymarkets.com). In case of discrepancy between the General Trading Credit Rules and the Client Agreement, the latter will prevail.

**If you do not agree with the present terms, please do not participate in our promotions.**
